

## STOCK MARKET STAGES SPECTACULAR RECOVERY

OFFICERS PLAN  
TO CHECK UP ON  
HUNTERS SUNDAYSheriff Miller To Put En-  
tire Force of Men on  
Patrol Duty

A campaign against trespassing hunters throughout Lee county will be staged Sunday when Sheriff Ward Miller and practically every deputy in the county will spend the day checking up on hunting violations. Sunday marks the opening of the rabbit and quail hunting season in the northern zone and scores of farmers have complained of having property destroyed by hunters who disregard signs denoting posted lands and warnings against hunting on these farms. The sheriff's office will co-operate with the state game wardens and special officers of the Dixon chapter of the Izaak Walton League in patrolling the county on the opening day of the hunting season.

From all reports there is a bountiful supply of quail in the county this year due to the campaign of protection and feeding which was carried out extensively by the local Izaak Walton League chapter last winter and by individual farmers, who in many instances are strictly opposed to the killing of these valuable birds. Complaints have been coming into the office of Sheriff Miller of hunters who shoot turkeys, geese, ducks and chickens that have wandered away from farm yards and the county wide system of patrol next Sunday will be launched for the purpose of halting these violations.

To Patrol County.

"We are going after the trespassers harder than ever this year," Sheriff Miller said today. "Next Sunday I will place practically every deputy in the county in the country to see that farms which are posted against trespassers and hunters are not bothered. The drive has the co-operation of the local chapter of the Izaak Walton League chapter and its members will assist in seeing that the game code is obeyed."

"Complaints have been coming into my office of large numbers of hunters who have disregarded the state game code and have entered posted farms and shot turkeys, geese and ducks and even chickens during the absence of the farmers and I have placed my entire force of deputies at the disposal of the farmers to put a sudden halt to this practice."

In this connection, Sheriff Miller cited a section of the state game code which provides as follows:

"It shall be unlawful for any person to hunt upon the land of another where notice that hunting or trespassing is forbidden, is posted or exhibited in a conspicuous place on such land."

American Vessel  
Founders Today

Stockholm, Nov. 7.—(UP)—The 5,000 ton freighter Conchatta of the United States Shipping Board foundered today off the Norland coast, northern Sweden, near Drott-haellan. The crew was rescued.

The Conchatta is from Philadelphia. It normally carries a crew of 41. The ship is 300 feet long and was built at Hog Island, Pa., in 1929. The Conchatta, en route from Helsinki, Finland, to Helsingfors, Sweden, was hit by a mine which sank her. The Swedish steamer Heracles rescued the crew, with the exception of the captain and two engineers who remained aboard, only part of the vessel being under water. Attempts to tow the ship to harbor after she grounded failed because of heavy seas.

Dixon Legion Post  
To Go To Freeport

Freeport Post No. 139 of the American Legion have issued an invitation to Dixon Post No. 12 to attend their Armistice Day program on November 11th. The program will start at 10:00 A. M. with a memorial address which will be followed by Armistice ritualistic ceremony at 11:00 o'clock. The parade will form at 2:15 P. M. and the Armistice address will be held at 3:15 P. M. The Auxiliary banquet will be served at 6:30. Commander Rae A. Arnold of Dixon Post No. 12 requests that all members of the Legion who possibly can do so attend and march in the parade which will be headed by the local post colors. It is also requested that anyone who is going to attend the banquet either notify the commander Rae A. Arnold or Clarence Shaver not later than 6:00 Friday night.

## BANK TELLER SUICIDES

Belleville, Ill., Nov. 6.—(UP)—Leaving a note asking forgiveness of his aunt, Bert Zachringer, 25, teller of the Belleville First National Bank, died as a result of poison, an examination of his body revealed. The note did not mention any motive.

State Senator  
Harry Wright Is  
Injured In Crash

SEN. HARRY G. WRIGHT

State Senator from this district who suffered a broken knee cap and other injuries when his automobile struck a car emerging from a side road fifteen miles south of DeKalb yesterday, while the Senator, who is a candidate for the Republican nomination for State Treasurer, was driving to Ottawa from his home in DeKalb. He was taken to the DeKalb hospital. The car which his auto struck was driven by Mrs. Mary Jameson of Leland. She was not injured.

MORO PIRATES  
SOUGHT TODAY  
BY DESTROYERSRaid Philippine Vil-  
lage and Looted  
Sailing Boat

Manila, P. I., Nov. 7.—(UP)—American destroyers, assisted by Philippine constabulary, searched today for a band of pirates who attacked a sailing vessel and looted the village of Timoloy, on Luzon Island, province of Batangas, forcing the inhabitants to flee to the hills for their lives.

First intimation of yesterday's raid came when 14 "vintas" or small boats carrying 80 marauders, came alongside the sailing ship Purisima Concepcion. The pirates, who were Moros, sworn enemies of all Christians, Filipinos swarmed over the sides of the boat and looted it at their leisure.

The Moros then rowed ashore and plundered the village. Inhabitants fled leaving their shops and homes at the mercy of pirates who seized everything of value.

A hurry call brought American destroyers from Manila but the Moros had made good their escape. Because of their expert seamanship, and knowledge of secluded hiding places, the pirates are unlikely to be apprehended except after long and tedious search.

The raid was the first serious move by such marauders in 10 years and caused opponents of Philippine independence to point out that the islands would be at the mercy of pirates should United States naval forces be withdrawn.

Postal Receipts In  
October Were Greater

Washington, Nov. 7.—(AP)—The Postoffice Department announced today there was an increase of \$153,850 or 4.29 per cent in postal receipts at 50 industrial cities for October as compared with the same month in 1928.

Total receipts for the month were \$3,736,894 compared with \$3,583,043. Leading cities with their percentages of increase were: Springfield, Ohio, 35.49; Albany, N. Y., 31.92; Burlington, Vermont, 11.06; Bridgeport, Conn., 8.96; and Chattanooga, Tenn., 8.20.

WATSON LINKED  
WITH LOBBY BY  
ARNOLD LETTERRepublican Leader Is Said  
To Have Been "Con-  
tact Point"

Washington, Nov. 7.—(UP)—A letter from James A. Arnold, vice president of the Southern Tariff Association, asserting Republican Leader Watson had been delegated by his Senate colleagues to "contact" with in association, was uncovered today by the Senate lobby investigating committee.

The committee also learned that Arnold attended a meeting of agricultural representatives in Washington and reported their plan for the tariff fight to Senators Watson and Reed, Repn., the letter, addressed to one of Arnold's associates early in January, described Arnold's efforts to establish contact with the tariff making Senators. It said in part:

"Following your suggestion that the Southern Tariff Association get in contact with some one to take the place of Senator Gooding, Repn. Idaho (now dead) I took occasion to discuss this subject with a group of important Senators including Senators Smoot and Watson and others and was agreeably surprised to learn that they had designated Senator Watson of Indiana to contact with us insofar as the Republican party in the Senate is concerned."

"As you know Senator Watson will be floor leader of the Republican party in the Senate and is a member of the Senate Finance committee. He will associate with him in this work Senator Moses of New Hampshire and Senator Reed of Pennsylvania."

Senator Watson will address the Southern Tariff Association meeting here tomorrow, so he promised me on the phone a few moments ago."

His conferees with Watson, Arnold said, were to get the "seasonal clause" eliminated from the duty on Florida products.

Clause Taken Out  
"Did Senator Watson work along with you?" Senator Blaine, Repn. Wis., asked Arnold, who was on the stand for the fifth successive day.

"The seasonal clause was taken out," the witness said.

In a letter to another associate, Arnold said he was talking to the Senator "every day." He said that probably meant Senator Watson. Earlier in the hearing, Arnold had said he talked with Watson only three times during the tariff fight.

"You said you talked to him every day?" Blaine asked.

"I told him when he went into the committee to see what progress was being made," Arnold said.

"The committee had been in executive conferences for some time," Blaine said. "You don't characterize that as lobbying?" Blaine asked.

"No."

"Well, what is it?"

"I don't know."

Another Arnold letter told of a conference with Watson in which Arnold said, "we think this which has been called 'lobbying' is really a very vividly to their attention."

Watson said he would get action in the committee and report amendments on the floor of the Senate," Arnold wrote.

Grain Markets Will  
Be Established Soon

Minneapolis, Nov. 7.—(AP)—The Federal Farm Board, through the Farmers National Grain Corporation, has taken an important step toward buying and selling of grain crops at northwest terminals.

At a meeting here yesterday, attended by S. J. Cottingham of St. Paul, Iowa, president of the Corporation, and representatives of farmers elevator association, wheat pools and state and local farmers unions in Minnesota, the Dakotas and Montana, agreement was reached to co-operate with the corporation.

As a result, the corporation will establish grain marketing agencies within a few weeks at Minneapolis and Duluth, and five cooperative sales offices will be merged and used as a nucleus for the two new agencies.

Improve Taste Of  
Stickum on Stamps

Washington, Nov. 7.—(UP)—Postage stamps may never gain recognition as a confection, but Postoffice Department officials have determined to better their taste.

Through experiments, prompted by complaints of dissatisfied customers the department has succeeded in eliminating bitterness from the "stickum." The stamps are printed one day and gummed after they have dried. In the old method the stamps were printed and gummed at the same time, the result being partial absorption by the gum of flavors of wet paper and ink.

Although lacking the flavor, the stamps now are purer than most candy, department officials say.

TEXAS JUDGE ACQUITTED OF MURDER OF HIS  
UNWELCOME SON-IN-LAW BY JURY; HIS PLEA  
OF SELF DEFENSE ACCEPTED BY HIS PEERSThree Ballots Taken:  
First Stood 8 to  
4 For Judge

Weatherford, Texas, Nov. 7.—(AP)—Judge R. H. Hamilton, former member of the state Supreme Court Commission of Appeals, was free today, a jury having decided he acted in self defense when his son-in-law, Tom Walton, Jr., the bridegroom in a secret marriage, was shot and killed in Hamilton's Amarillo law office last May.

The jury, after listening to seven days of testimony and eight hours of argument, required only one hour and 46 minutes to acquit. Four jurors voted for conviction on the first ballot and one on the second. The verdict came on the third poll of the jury.

The defendant was asleep in his hotel room when the verdict was read. He dressed quickly, however, when informed of his acquittal and came to the lobby to meet his friends. Theresa, his 18-year-old daughter, whose secret marriage to Walton while the two attended the University of Texas, was indirectly responsible for the shooting, threw her arms around his neck.

"Oh, Daddy," was all she could say, and she fell back to watch others congratulate him.

"My conscience was clear," Hamilton said to the only newspaperman who broke through the cordon of friends which surrounded him. He added the information "I'm going home tomorrow," before friends closed about him and shut off further interviews.

The state sought to show that Hamilton, knowing or suspecting his daughter had married Walton, whose home was in Amarillo, deliberately shot the young man when Walton came to his office to make a clean breast of the affair.

The defense pictured Hamilton as a kindly father, aware of Walton's intentions toward his daughter and willing to bless the couple, once he was satisfied of Walton's desirability.

World's Largest  
Shovel Starts Work

Duquoin, Ill., Nov. 7.—(AP)—The world's largest steam shovel, of a capacity and power sufficient to lift a large automobile to the top of a seven-story building, was put into service here today in the presence of several hundred guests. It is part of the coal-stripping apparatus installed recently in the Fidelity mine of the United Electric Coal Company.

Coupled with the shovel is the largest tippie ever built for the preparation of coal by the stripping method. Both are electrically operated.

The shovel uses a fifteen-cubic yard dipper, with a reach of eighty-five feet and a pushing and lifting power of one hundred tons. It moves at a rate of twenty miles an hour, taking a bite, dumping and returning in less than a minute.

The tippie covers about 19,000 square feet of ground and serves seven railroad tracks. The company owns or controls sufficient coal tributary to this mine, its geologists say, for forty years of mining at 1,500,000 tons a year.

State-Wide Marketing  
Association Formed

Decatur, Ill., Nov. 7.—(UP)—Seven thousand Illinois dairymen, poultry raisers and produce farmers were banded today in a statewide marketing association with the avowed object of obtaining a better price for their products.

The association was organized here yesterday by delegates representing 44 associations of the state. Officers in seven districts were elected to form an organization committee and to draw up incorporation papers. Headquarters of the organization probably will be at Bloomington.

Detroit Man Has  
Not Been Located

Detroit, Nov. 7.—(UP)—Fifteen days after he disappeared from Windsor, Ont., following a conference with an officer of his Glider Manufacturing Co., William J. Scripps, 24, son of the publisher of the Detroit News, was still missing today. Police are without a workable clue to his whereabouts.

A description of the missing youth has been broadcast throughout the United States and Canada, but no favorable reports have been received.

## MADE ARTILLERY ATTACHE

Chicago, Nov. 7.—(AP)—Lieutenant Colonel Nelson E. Margetts, Field Artillery, has been named military attache to China and Siam to begin services at Peking January 17. Colonel Margetts at present is corps area inspector on the staff of Major General Frank Parker, Commanding General, Sixth Corps Area.

## Judge and Daughter He Widowed

Judge R. H. Hamilton of Amarillo, Texas, who was freed by a jury last night of the charge of murdering his unwanted son-in-law, Tom Walton. The judge is pictured above with Theresa Hamilton, left, youthful bride of the slain man, and Mary Gail Hamilton, another daughter. Judge Hamilton declared he killed Walton after the youth had threatened his life. Walton married Miss Hamilton secretly while both were students at Texas University.

New Variety Of  
Canvassers Appears

Charleroi, Pa., Nov. 7.—(UP)—A new variety of house-to-house canvassers have made their appearance. The agents go from door to door offering to brew 3¢ bottles of beer for \$5. Equipment is carried in a truck. They are making from \$40 to \$100 a day.

FRENCH CABINET  
FACES HOSTILE  
CHAMBER TODAYPremier Tardieu Pre-  
sents Ministry To  
French Deputies

BY RALPH HEINZEN.

United Press Staff Correspondent.

Paris, Nov. 7.—(UP)—Andre Tardieu's cabinet went before the Chamber of Deputies this afternoon and faced the evident hostility of the entire left.

The Premier personally presented what he termed a program of "prosperity and peace" to the unfriendly rows of Socialists, Radicals and Communists.

Tardieu promised tax reduction and relief to the hard pressed wheat and sugar beet growers. He insisted that Parliament's rights would be respected on such important foreign problems as evacuation of the Rhineland, the Young plan of reparation and naval disarmament on which the policies of Foreign Minister Aristide Briand must face opposition.

The opposition lined up five orators delegated to put troublesome questions to the government. Briand, however, was ready to speak in defense of the cabinet's foreign policies, with the possibility that his oratory would soothe the chamber sufficiently to guarantee a vote of confidence and permit the cabinet to live after the 17-day crisis during which a government was formed only with the greatest difficulty.

Recommend Sheriff  
Be Held For Trial

Clay City, Nov. 7.—(UP)—A coroner's verdict in the slaying of E. S. Shank allegedly by Sheriff J. D. Marshall Effingham county is the aftermath of an argument over payments on an automobile recommended that Marshall be held on bond to await action of the grand jury.

The jury returned a verdict that "Shank came to his death from gunshot wounds inflicted with a gun fired by Marshall without justification or right."

Testimony at the hearing said Marshall and a deputy went to Shank's home and when Shank obtained a spade advancing with threatening moves the Sheriff fired three shots into his body. Shank died nearly an hour later.

Shank was alleged to have made remarks that if Marshall attempts to take my automobile "I'll kill him."

## ROOMERS ASKED BEER

Belleville, Ill., Nov. 7.—(UP)—Mrs. Mary Majatuk, 63, rooming house proprietor, was fined \$100 and costs in circuit court here for possession of liquor—after a most unusual plea. "Why, Judge, all my roomers threatened to leave if I didn't provide beer for them," Mrs. Majatuk said from the witness stand.

"One hundred dollars and costs," the judge said from the bench.

LOOMIS CALLED  
TO EXPLAIN HIS  
PART IN "PARTY"Grand Jury Summons  
Man Accused By  
Brookhart

Washington, Nov. 7.—(UP)—The District of Columbia grand jury decided today to invite E. E. Loomis, New York financier, to appear before it Monday to tell about the "Wall Street Party" described by Senator Brookhart of Iowa to the jury yesterday.

United States Attorney Leo Rover announced he was dispatching the invitation today. Loomis was said by Brookhart in a Senate speech Tuesday to have drunk liquor from one of the silver hip flasks provided for guests. The party was given to newly-elected Republican Senators at the Willard Hotel here in 1928 by Walter J. Fahy, New York broker.

Loomis is president of the Lehigh Valley Railroad Company, although Brookhart described him as a "member of J. P. Morgan & Co."

Rover said Loomis was the only one who would be asked to appear "for the present." This was regarded by some to indicate the grand jury might press even further the investigation it started when Brookhart was subpoenaed to tell of the party which he said in a Senate speech was attended by himself, Senators Smoot, Gooding, Moses and Edges; Senator-elect Vire, Otto Kahn of Kuhn, Loeb & Co., W. W. Atterbury, President of the Pennsylvania Railroad, and "a lot of Wall Streeters."

Seeks To Force City  
To Feed Her Family

Denver, Nov. 7.—(AP)—Mrs. Nellie Wassner, mother of five, today sought, by law, to force the city of Denver to save herself and her children from starvation.

Through an attorney whose funds have helped the family, she yesterday petitioned in District Court for a writ of mandamus to force provision of food by the Board of Health, the city and charitable organizations, because the children "are now actually suffering for necessary food to keep them properly nourished or properly fed."

The family is under quarantine as a result of a doctor's diagnosis of one girl's illness as whooping cough. The mother is unable, because of the quarantine, to go about her work to provide money. The father earns only \$12 a week as a dishwasher in a restaurant.

The five children range in age from 18 months to 12 years.

Former Treasurer Of  
Ohio Goes To Prison

Cincinnati, Nov. 7.—(AP)—Bert B. Buckley, former State Treasurer, was enroute to the Federal penitentiary at Atlanta today to serve his two and a half year sentence for conspiracy to bribe a prohibit on officer.

He departed last night, choosing to surrender himself to custody a year from the time he was elected to a second term.

The former official was convicted by a Federal jury at Columbus of having conspired to obtain advance information of contemplated raids of Cincinnati breweries. He lost his appeal in the Circuit Court and announced that he would have to serve his sentence because of insufficient finances to carry his fight to the Supreme Court.

Jurors In Pantages  
Case Cry "Coersion"

Los Angeles, Nov. 7.—(UP)—Alexander Pantages' hope of escaping a sentence of from one to 50 years in San Quentin penitentiary was bolstered today by affidavits of three women members of the jury which convicted him of attacking 17-year-old Eunice Pringle. The affidavits declared that the jurors were coerced into agreeing to the verdict.

The jurors were Mrs. Christina D. Ulrich, Mrs. William Ingles and Mrs. Lotta C. Steiner, who said they believed inclusion of a recommendation for clemency in the verdict would enable the theatrical man to receive a light sentence whereas the court must disregard the recommendation under the law.

The coercion allegation was based on their contention that a fellow juror told them they would be criticized over the radio by the Rev. Bob Shuler, if they did not vote to convict.

Three Children  
Burned To Death

Thompsonville, Mich., Nov. 7.—(AP)—Three children of Mr. and Mrs. Frank Eddy were burned to death Thursday in the fire which destroyed the Eddy home near here. Mr. Eddy was at work and Mrs. Eddy had gone to a neighbor's home when the house burned. The children were Lulu, 4; Lenna, 3; and Walter, a one year old infant.

ISSUES CLOSED  
AT HIGH POINT  
IN DAY'S TRADERecovery Followed An  
Hour Of Sagging  
And Selling

New York, Nov. 7.—(UP)—The stock market staged a recovery today that meant millions of dollars to hard pressed traders throughout the nation.

When it seemed there was no end to a sweeping downturn, U. S. Steel braced and started forward. Other leaders followed and there started a buying rush from all sections of the nation which sent prices even above yesterday's close.

The recovery was of a more sweeping nature than yesterday's decline. Prices were up today 1 to 6 points above yesterday's close.

The higher close was the more remarkable in that during the first hour today values had been clipped millions of dollars when the market kept up its yesterday's sag, dropping one to 15 points.

Losses Overcome  
All along the list these early losses either were overcome and a gain recorded, or at least wiped out.

Trading was at a tremendous rate—due to the great selling in the first hour and the tremendous buying in the last two hours. Tickers were running behind more than an hour at the close and sales were at the rate of more than 8,000,000 shares for a full five-hour day.

Bankers would not comment on the turn for direct quotation, but they privately expressed their pleasure. Wealthy individual traders were immensely relieved.

Hundreds of accounts were destroyed however, in the early trading, and bargains in large quantities were picked up later.

When the market turned up, the whole list made sharp gains. It then hesitated for a brief interval as gains were being digested. The next move was another advance that continued to the close. A final burst of buying caused most issues to close on high of the day.

Utilities Strong  
U. S. Steel reached 177 but it sagged somewhat to close at 174 1-2 up 5 1-2 points net for the day. General Motors added \$129,000,000 to its market valuation with a rise of 3 points to 43 1-2 where it closed. General Electric spurted 18 points to 122 and American Telephone & Telegraph 11.

Utilities were strong. American & Foreign Power closed at 73 up 13; Consolidated Gas 98 3-4 up 7 3-4; Columbia Gas 71, up 6; Public Service 69, unchanged; United Corporation 30 1-4, up 3; United Gas Improvement 31, up 1.

Railroad shares recovered sharply. Union Pacific closed at 224 1-2 up 9 3-8; Baltimore & Ohio 116 1-4 up 2 1-4; New York Central 185, up 6 1-8; Missouri-Kansas 35 3-8, up 3 3-8; Canadian Pacific 205, up 7; and Erie 58 up 4 1-2.

Among the coppers Anaconda closed at 85 1-2, up 3 3-8; Kennecott 67 1-2, up 5-8; Andes 36 1-4, up 3 1-8; American Smelting 74 1-2 of 1 1-2, and Cerro de Pasco 69, off 1.

Minister's Son Took  
Life: Had Been Ill

Taylorville, Ill., Nov. 7.—(UP)—Pulling the bed covers over his head to muffle the report of the gun, Herbert Huff, 18, a minister's son, shot and killed himself at the home of Sheriff D. L. Dunbar where he lived, here yesterday. He had been dependent over ill health.

Huff's body was found following an all-day search instituted when he failed to appear at the local high school where he was a student. Huff had been living with Dunbar since his father, Rev. L. G. Huff, moved to Champaign last spring. He had planned to join his father when he had finished high school.

Bankers, Appraisers  
Given Short Course

Urbana, Ill., Nov. 7.—(UP)—A bankers and land appraisers short course, the first of its kind to be held in Illinois, opened today under the sponsorship of the University of Illinois College of Agriculture. Latest available information on technical subjects of importance to appraisers and bankers will be given by speakers on the program. D. Howard Doane, St. Louis and E. H. Wicking, of the United States Department of Agriculture are among the speakers.

## SOLD BOOZE TO AGENT

Hammond, Ind., Nov. 7.—(AP)—Accused of selling liquor to a prohibition agent, Melvin Bowles, Lafayette, Ind., barber, went on trial before Federal Judge Thomas Slick today. Bowles contended the agent tricked him into getting a pint of liquor for his "sick father-in-law" by showing him a membership card of a fraternal organization to which they both belonged.

"KONJOLA ONLY  
MEDICINE THAT  
DID ANY GOOD"

Man Was in a Hospital a  
Month—Read About His  
Remarkable Experi-  
ence.

MR. ROBERT GEIGER.

"Konjola is the only medicine that ever did me any good," said Mr. Robert Geiger, 801 East Broadway, East St. Louis, Ill. "I had indigestion, nervousness, constipation and kidney trouble so bad that I had to give up work. Every meal meant untold misery from gas, bloating and intense pain. Constipation fairly saturated my system with poisons and I became nervous."  
"I read and heard a lot about Konjola and decided to see what it could do for me. Two bottles of this remarkable medicine convinced me that I had found the medicine I needed. Two more weeks and the change that came over me would be beyond belief. I did not know the facts, Constipation and indigestion are no more; even my kidneys are normal and I am in better condition than in years. I can understand why Konjola is the most talked medicine in America—it makes good."

Hoover Expected To  
Name New Ministers

Washington, Nov. 7.—(AP)—A complete list of new heads of American diplomatic missions in number of South and Central American countries is expected to be ready for action by President Hoover within a week.  
Among those who are reliably reported to be remaining in the South American field are Alexander P. Moore, Ambassador to Peru; William S. Culbertson, Ambassador to Chile; Robert Woods Bliss, Ambassador to Argentina; and Edwin W. Morgan, for the past seventeen years Ambassador to Brazil. George T. Sumner, former Minister to Honduras, has already been appointed Minister to Venezuela; Leland Harrison, former Minister to Sweden, has been appointed Minister to Uruguay; and Sheldon Whitehouse of New York, Minister to Guatemala. Frank Guggenheim has been named Ambassador to Cuba.

### Wonderful Attraction; Leginska and Boston Symphony here Nov. 17

On November seventeenth the Civic Music Association of Dixon will present its first number of the season—Ethel Leginska will conduct the Boston Women's Symphony of fifty pieces. Mme. Leginska is an English woman, educated in Germany and Vienna and has won fame as a composer, pianist and conductor. This concert comes as a surprise to the Dixon members in that it was procurable only because the orchestra had a nearby engagement following an opera date.

The concert is open not only to members of the Civic Music Association but to out of Dixon people. Tickets may be obtained at the door by the latter.

The concert will be given in the Dixon Theatre, beginning promptly at 1:15, on Sunday, Nov. 17th.

A group of Rockford College students are planning chartering a bus and attending the concert. They will be entertained after the concert at the home of Mr. and Mrs. H. U. Bardwell, whose daughter is a student at the college.

### Practical Club Meeting Enjoyed

Mrs. A. T. Stephenson delightfully entertained the members of the Practical Club at her home, 210 Peoria Ave., Tuesday afternoon.

After a short business session, Mrs. Lester Street conducted a quiz, dealing with our own city government and officials, also the U. S. government; the President and his Cabinet.

Miss Esther Barton gave a very interesting review of her trip to the southwest last summer. Miss Barton's talk was on the Indians of New Mexico, telling of their ways, customs and religion, also mentioning Carlsbad Caverns.

Tempting refreshments were served by the hostess.

### Nelson-Burkett Wedding Wednesday

Wednesday afternoon at 4 o'clock at the parsonage to the Methodist Episcopal church the pastor, Rev. A. T. Stephenson, officiated at the quiet ceremony which united in marriage LeRoy Nelson of Ashton and Miss Jennie Marie Burkett, also of Ashton. They were attended by Mrs. Harry Butler of Ashton, Ashton and Dixon friends will unite in extending best wishes to the newly-weds.

### Mrs. Harnish Hostess Last Evening

Mrs. Alan Harnish of Oregon, formerly Miss Lucille Frye, of Dixon, entertained the members of her Dixon bridge club last evening with a delicious five course dinner at her home, followed by an evening at bridge, honoring Miss Margaret Knick of Dixon, soon to wed Atty. Lloyd Scriven of this city.

There were eight guests in attendance and all were seated at one table in the dining room, which was beautifully decorated with chrysanthemums in the gorgeous autumn colorings, and illuminated with cream colored tapers. In the living room where bridge was played, a variety of fall flowers and foliage formed graceful bouquets.

After dinner all present had a gay time in presenting to the bride-to-be with a miscellaneous shower of gifts for her home, accompanied by their good wishes. Mrs. George Beier was awarded the favor for high honors at bridge and Miss Helen Edwards received the second favor. Miss Dorothy Palmer, in charge of the Girl Scout work in Rockford, was a guest. The entire evening was one of happiness to everyone present.

### Legion Auxiliary Meeting Was Enjoyed

The regular meeting of the American Legion Auxiliary held Wednesday in Legion Hall was well attended and very interesting. The ways and means committee have a very well planned program for the remainder of the year. The sale of the Christmas cards is quite satisfactory, the ladies doing better than they had hoped for. A food sale will be held Saturday at the Dixon Cleaners, 207 First street. The food will be in early and an assortment of good things will be on sale.

The young ladies of the Auxiliary will entertain with a card party Tuesday, Nov. 19 at the home of Mrs. Ben Snyder.

There is a district meeting of the Legion Auxiliary to be held all day Nov. 14 at Polo. The color bearers and Sergeant at Arms of the Dixon unit have been invited to do the floor work for this meeting. The names of two new members were added to the membership roll.

The President, Mrs. Wagner, requests that all Auxiliary members attend the services held Armistice Day in Haymarket Park by the Veterans of Foreign Wars in the dedication of a memorial for a world war hero, and one of Dixon's own boys, Horace Ortt.

"They ask no temple of graven stone Pay them this homage instead Keep freedom aloft on the golden throne, With justice and truth to guard her alone— Thus honor your soldier dead."

### Club Fortunate in Speaker for Saturday

The Dixon Woman's Club members are fortunate in having Miss Lella M. Blomfield of New Zealand, on their program for Saturday meeting Nov. 9. Miss Blomfield is a well known lecturer, writer and student and is particularly well versed on New Zealand. She will address the club using as her subject "New Zealand's Message to America."

Miss Blomfield's address gives a vivid picture of the physical conditions and achievements of a wonderful people in other words "A Message From the World's Smallest Democracy to America—the Largest." The speaker has appeared before neighboring Women's Clubs and comes to this club very highly recommended. Her program will be very educational, as well as interesting. "The Price of Liberty is Responsibility," says Miss Blomfield.

The Community Service Dept., with Miss Edna Burnham as chairman will have charge of this program. This department have also acquired the services of Miss Josephine Hart of the State Colony as soloist for the program. Miss Hart's charming voice is always enjoyed.

Guests are cordially invited upon payment of the small guest fee. The program to be held at the Christian church at 2:30 P. M.

### Illinois Divorce Law in Limelight

Chicago, Nov. 7.—(UP)—Hundreds of Illinois couples may find it necessary to be re-wed as the result of a peculiar marriage annulment granted Irene Bordoni, actress.

Miss Bordoni obtained the decree yesterday on the basis of a new interpretation of an Illinois statute made by Judge Charles A. Williams. She claimed that in 1918 when she married E. Ray Goetz, New York producer, he had been divorced less than a year from his first wife. Under an Illinois law of that time a marriage was illegal, she pointed out, as divorces did not become permanent until 12 months after the decree was signed.

The one-year law later was repealed, but Judge Williams ruled that this could not act to legalize the marriage. The decree opens the way for many similar annulments of old marriages and may induce many couples to remarry to be sure they are legally united.

IS FREEDOM SINKING?

Arthur Garfield Hays, a lawyer who has spent the last decade or so going about the country helping various underdogs in their fights for liberty, believes that freedom in the United States is rapidly sinking out of sight.

Mr. Hays expresses his opinion in a book, "Let Freedom Ring," in which he recounts some of his own experiences with the modern American attitude. He seems profoundly discouraged.

He tells, for instance, of one man who was arrested for reading the Declaration of Independence; of a Pennsylvania coal town mayor who, breaking up a union meeting, announced that "Jesus Christ himself couldn't speak in Duquesne on the labor question"; of another speaker who was hissed when he quoted a remark of Lincoln's dealing with the right of the people to amend or overthrow their government; of a newspaper woman arrested in the Passaic strike, three minutes after the riot act had been read, for "failing to disperse within an hour."

Back of this spirit of oppression Mr. Hays sees fear as the compelling force. Our people, he believes, are growing afraid of freedom; they look askance at anyone who proclaims the principles which motivated the fathers of this nation. "Those who believe in the old American ideals," he writes, "are today regarded as dangerous innovators."

The issue that he raises is worth thinking about.

We are very fond of rendering lip service to the founders of the country. We cherish the Declaration of Independence and revere the Constitution; too often, without taking the trouble to read or understand either of those remarkable documents. We worship Thomas Jefferson and shudder at any modern American who tries to carry out Jefferson's preachings.

What does all of this mean? Are we, in fact, giving up our liberties forever? Has the good old word, "freedom," ceased to appeal to us?

It may be so. Yet, after all, there is room for hope. Our present attitude is a product of the war. Intolerance and hatred were abroad in the land in those days, and they dug in. But they will not last. They cannot. Our past is too strong.

Chemists have a law which says "to every action there is an equal and opposite reaction." This law applies to human developments as well as to chemical experiments. The pendulum has swung far toward conservatism; it will swing the other way, just as far. Our prosperity has lulled us to sleep temporarily, not permanently.

Democracy will be in style again. It is too much a part of our national self to remain unpopular forever.

ANOTHER RUBBER DISCOVERY.

Discoveries useful to industry often are made in strange ways.

The process of vulcanizing rubber came because an experimenter happened to drop a bit of rubber on a hot stove.

Now the War Department announces it has found a way to extend the normal life of rubber to approximately 35 years. At present rubber deteriorates badly after a few years use. The discovery will be of great importance to industry.

But here's how it happened to be made. The chemical warfare service was trying to find some way of preventing rapid deterioration of the rubber parts of army gas masks. In its experiments it not only solved its own problem; it gave makers and users of rubber everywhere a great discovery.

An American, visiting in London, says the English girl who drinks, smokes and goes without stockings doesn't shock anybody. That must be disappointing for her.

Sometimes an automobile will not only help you to see this world but the next.

Helpful Automobile Hint: The motor should be well-lubricated, but keep the driver dry.

Harry Thaw was sued for \$75,000 for biting a night club hostess. Considering the price of a night club sandwich, that looks pretty cheap.

A Brooklyn bigamist whose salary was \$25 a week was convicted. These malefactors of great wealth have to be curbed some way.

Men who earn \$25,000 a year are usually good dressers, says the National Association of Merchant Tailors. Wonder what they do with the other \$1000.

A headline says, "Congressman Britten Asks Inquiry of Metric System." Another weighty matter.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

They gathered 'round the dinner table and Carpy said, "I gladly hail the thought of food. Come on, let's eat. Gee, I can hardly wait. Each one will have an equal share 'cause that's the way to do it fair. We'd better hurry up and eat or we will be too late."

"Now, just a minute," Scouty cried. "I'll bring out everything inside. Hurray! I see some doughnuts. Oh, when will our good luck cease? Of these good things I can see four. Oh, well, we don't need any more. I'm sure we'll have had plenty when we've all had one apiece."

"Here, Coppy! Here is one for you, and it's a dandy big one, too. Go right ahead and eat it. Tell us if it tastes all right. And here is one for Clowny. He looks just as hungry as can be." It wasn't long till Clowny had the doughnut out of sight.

They found some other things.

real good, and each one ate all that he could. All of a sudden Scouty thought, gee, what will happen now if Mister Big Man wakes up quick? For us it will not be so slick. Why I can almost see an ugly frown upon his brow.

The Scouty shouted, "I suggest that leaving here would be the best thing we could do. We all have had as much as we can eat. O'er me there comes a bit of grief. I almost feel just like a thief. We've eaten up his luncheon, which at best, was not discreet."

But, ere the bunch could turn to go, they heard the big man sigh "Ho, ho." One Tiny said, "He's wakin'." If we're going, we must sail." The man, however, sat up quick. And then the Tinsies poked a trick. Instead of running off, they jumped into his dinner pail.

BATTLE OF TIPPECANOE

The Battle of Tippecanoe was fought on the Tippecanoe river in Indiana on Nov. 7, 1811, between 800 Americans under William Henry Harrison and an Indian force estimated at 6000 commanded by White Loon, Stone Eater and Winnemac.

On Oct. 11, 1811, while Harrison was building a stockade on the site of Terre Haute, one of his sentinels was killed from ambush. Harrison considered this the beginning of

hostilities, so he marched to the site of the village of Battle Ground where the Prophet, a brother of Tecumseh, was believed to be inciting the Indians to war on the whites.

Nov. 6, he encamped within a mile of the town, having arranged to confer with the Prophet the following day. On the morning of the seventh, the Indians attacked the camp, but after two hours of stubborn fighting were driven from the field.

Harrison marched to the town found it deserted and destroyed it. It was partly because of this victory that Harrison was placed in charge of American troops in the west.

## AMBOY AND POLO BATTLE TO TIE SCORE ON FRIDAY

### Lee County Team Near Having Its Winning Streak Broken

Amboy—In a hard fought battle Friday afternoon at the Township high school football field, Amboy came near having its long winning streak broken by Polo and were able to hold the visitors to a tie score in the final minutes of play. The game was one of the most sensational played on the local field this season.

**First Quarter**  
The game opened with Polo kicking off. Amboy brought the ball to their own 25 yard line, they advanced it to Polo's 45 yard line. On the next play Polo's line held and they failed to gain. The next play was fumbled and they lost several yards. On the play the center became excited and tossed the ball over the receiver's head. Amboy recovered the ball on their own 30 yard line. Amboy punted and Polo took it on their own 35 yard line. They were held for downs and punted beautifully. Amboy brought it back to their own 48 yard line. On back to their own 48 yard line. On a loss. They then punted out of bounds. Polo was given the ball on their own 45 yard line. They gained 5 yards and after 3 short gains they tried a forward pass which was too short to gain any ground. They punted and Amboy took the ball on their own 20 yard line. They failed to gain on the next play and punted. Polo received it on their own 42 yard line and is immediately downed. They next tried a double pass which brought them down to Amboy's 41 yard line. After two incomplete passes Amboy was given the ball on their own 41 yard line. They punted and Polo took the ball on their own 44 yard line. On the next two plays they gained 10 yards. They gained five more and the quarter ended with the ball on Amboy's 46 yard line.

**Second Quarter**  
The second quarter opened with Polo gaining 12 yards. The next two plays netted them 14 yards. Then Amboy's line held and they failed to gain. After two incomplete passes Amboy was given the ball on their own 20 yard line. Amboy gained 10 yards on the next two plays. They then tried a punt which was blocked and Polo took the ball on Amboy's 25 yard line. On the next play Polo made a long pass which was good for a touchdown, but they failed to make the extra point.

Amboy kicked off and Polo received it on their own 20 yard line. They next gained five yards. They next tried a forward pass which was intercepted by Amboy. They then gained five yards on a line plunger. Polo blocked a forward pass and was given the ball on their own 23 yard line. Polo was penalized 10 yards on the next play and then punted out of bounds. Amboy was given the ball on the 25 yard line and after four short gains which netted them 24 yards, they were penalized 15 yards. Their punt was blocked by Polo, who took the ball on Amboy's 30 yard line. They were penalized 5 yards on the next play. They were able to gain three yards back before the whistle blew ending the half.

**Third Quarter**  
Polo kicked off to Amboy but it was a very poor kick and the Polo end came in fast and took it before any of the Amboy players could reach it. On the next two plays Polo gained four yards. The next play was a forward pass which was caught out of bounds but the referee was unable to determine where it was caught from where he stood so Polo was given the yardage, which brought the ball to Amboy's 7 yard line. The next play was also a forward pass and they scored the second touchdown. They made the extra point and the score stood Polo 12—Amboy 0.

12—Amboy 0. Polo kicked off to Amboy who brought it to their own 40 yard line. The next play was good for 5 yards and Polo was penalized 5 yards. Amboy gained 10 yards on the next two plays and then punted and Polo took the ball on their own 20 yard line. On the next two plays Polo failed to gain but was able to gain 30 yards on the next play they gained five yards. After an incomplete pass Amboy was given the ball on Polo's 33 yard line. After they made 17 more yards they were held for downs and punted. Polo took the ball on their own 10 yard line. Polo was held for downs and punted. Amboy took the ball on Polo's 37 yard line. They made 11 yards more and the quarter ended with the ball in Amboy's possession on Polo's 28 yard line.

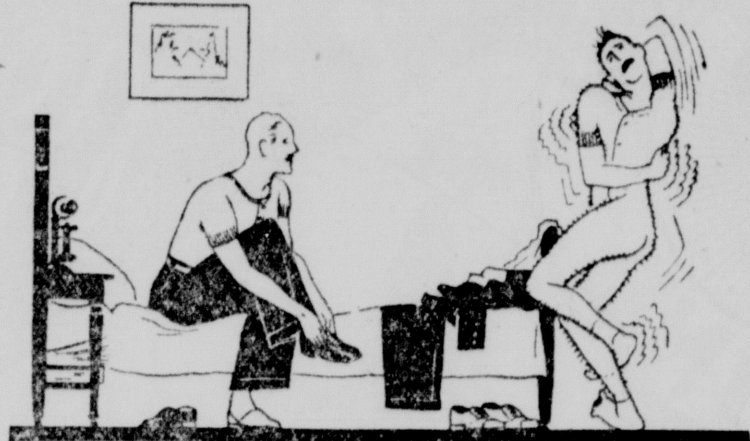

**Fourth Quarter**  
On the next play Amboy made seven more yards which brought the ball to the 19 yard line. Polo was penalized 15 yards. On the next play Amboy made the remaining 4 yards for a touchdown. Amboy tried for the extra point but failed to make it but Polo was offside so Amboy got another chance. The score stood Polo 13—Amboy 6. Amboy kicked off to Polo who took it on their own 19 yard line. On the next four plays they advanced it to their own 31 yard line and was penalized 5 yards. Polo punted and Amboy took the ball on Polo's 45 yard line. Amboy tried a forward pass but Polo interfered with the man who was to receive the pass and consequently was penalized which brought the ball to the 37 yard line. On the next play they gained 4 yards. And then were penalized 5 yards for being off side. They next punted out of bounds. Polo took the ball on their own 25 yard line. They were held for downs and punted. Amboy blocked the punt and took the ball on Polo's 19 yard line. Amboy gained 8 yards and then made a touchdown from the 11 yard line. But the back field was in motion, so the ball was brought back to the 10 yard line. They next advanced it to the five yard line. Amboy made the touchdown and the extra point which tied the score.

At this point the large crowd which had gathered to watch the game went wild with enthusiasm. Amboy kicked off to Polo who took it on their own 20 yard line. On the next two plays they failed to gain. They then tried to pass but it was incomplete and they were forced to punt. Amboy took the ball on the 50 yard line and gained four yards as the final whistle blew.

Vaughan of Dixon was referee; Lancaster of Dixon was umpire; Adell Selover was head linesman.

### CITIZENSHIP AND GOOD SENSE BY HOMER D. JUNKIN, M. D., Idaho Falls, Idaho.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. Headquarters of the Institute are at 1331 G. Street, N. W., Washington, D. C.)

Cerebro Spinal Meningitis is one of the diseases which are taking a goodly toll of lives all over the world. When it comes communities are horrified, for little is known as yet of how it travels. Yet there are definite hygienic measures which will aid in the prevention and assist in diminishing the incident of it, while heroic and saintly scientists are searching for more light on its prevention and cure.

Personal hygiene may first be considered. The cleanliness of the body by the proverbial bath; clean clothing; mouth hygiene, which certainly includes brushing the teeth carefully and thoroughly after each meal; attention to discharges from the nasal passage; ventilation of the sleeping rooms and placing bedding in open air and sunlight at least once a week; eating regularly and avoiding foods difficult to digest; avoiding people with "colds." Decay of the teeth and infected teeth should be cared for and nasal obstruction and infected tonsils remedied, often by removal of tonsils and adenoids. These simple rules of personal hygiene are elementary, yet it is a constant surprise to find how generally some of them are neglected, even by those of us who know better, but get careless. They apply to every member of every family in every community and will help in the prevention of meningitis and a host of other diseases.

In your home organize a careful systematic program of cleaning. Wash the woodwork and floors; boil all things boilable; clean the walls and ceiling of your rooms; eliminate all trash and unnecessary accumulations about the house, of whatever nature it may be. Make provision for the disposal of slops and see that the containers of the same are fly proof. Clean all refuse from the yard, alley and about your premises. Be sure of good ventilation. Sick-ness follows in the wake of congested living conditions, the lack of good air, and the pressure of anything that attracts or breeds flies, mosquitoes, and other disease carriers.

Take an active part in securing and keeping a pure water supply in your community. If in doubt about water, no matter where you are, boil it before drinking.

Cooperate in every possible way with the health department and officials, remembering that epidemics will not originate in your home, if you follow the above suggestions; but that in order to protect your home from disease your responsibility extends to the homes and alleys and disposal of waste in the entire community. That is good citizenship and good sense.

Part of the fly's ability to walk upside down is due to a sticky fluid secreted by its feet. Suckers also assist.

## Sixteen Temas In Six-Day Bike Race

Chicago, Nov. 7.—(AP)—Sixteen teams of six-day bicycle riders will get down to the business of sprints and jams tonight in the Chicago Stadium, in the city's 22nd annual renewal of the sport.

Veteran riders from Europe and the United States, as well as a number who will be making their initial appearances in the six-day game, are entered. The winning team will be determined on a mileage basis.

unless two or more teams are tied in total miles at 11 o'clock next Wednesday night. In case of a tie, points scored in sprints will determine the victorious team and the place winners.

It is estimated that 1.07 per cent of the children born in the United States are twins. Only about 20 per cent of these twins are of the identical type.

The curvature of the earth is about eight inches per mile.

## GRIDIRON NEWS

By WILLIAM WEEKS

Associated Press Sports Writer  
Chicago, Nov. 7.—(AP)—Upon Michigan and Illinois Saturday will fall the burden of maintaining the edge held by the Western Conference over intersectional football opponents.

In five games Big Ten teams have triumphed three times over adversaries from the east and south, with Chicago defeating Princeton, Minnesota defeating Vanderbilt, and Wisconsin downing Colgate. Colgate got one back for the east by trouncing Indiana, and Pittsburgh scored the second victory for the east by trimming Ohio State last week.

The Illini are accorded a better chance of coming through victorious over Army Saturday at Urbana than Michigan is of defeating Harvard at Ann Arbor.

Michigan has not scored a victory in three major contests.

Minnesota and Iowa are drilling for their battle at Iowa City, Ia., although crippled, hopes to duplicate its achievement of last season when it started the Gophers on their way out of the championship race. Both teams are moaning about injuries to regulars, but are fairly fortified with replacements.

Northwestern will take to the road tonight, heading for Columbus to meet Ohio State. The Wildcats are in excellent shape. Coach Sam Williamson of Ohio State has been forced to reorganize his forces, following the loss of Charlie Coffee for breaking training rules, and indifferent play by a couple of varsity linemen, and may not be able to develop the edge necessary to stop the Purple.

Although Coach Jimmy Phelan of Purdue does not take the Boilermakers' intersectional contest with Mississippi lightly, he is working with his eye on the Iowa threat, a week from Saturday.

Chicago has done little hard work in preparation for Wisconsin but will have its full squad, with the exception of one man, available for battle against what is likely to prove an exceedingly tough Wisconsin team. The Badgers also will be at top strength and no team in the conference is more eager to taste victory than the eleven which has failed to score a point against a Big Ten opponent this season. Indiana will be idle Saturday and Coach Pat Page is experimenting in an attempt to devise a combination which can cope with Northwestern a week hence.

Notre Dame will tackle the Drake Bulldogs Saturday. They will meet at Soldier Field, Chicago; Notre Dame's 1929 "home grounds."

### ALONG THE SIDELINES BY UNITED PRESS

Columbus, Ohio.—Coach Sam Williamson, expressing disgust because he thinks the Ohio team has not played its best, is making many changes in the lineup this week. Dill replaced Fontaine at end, Larkins replaced Hauberich at tackle, and Horn was back in his old place at half in yesterday's practice.

South Bend, Ind.—Notre Dame's first team held shadow scrimmage against a freshman eleven in preparation for Saturday's game against Drake at Soldier Field, Chicago. Dick Donoghue and Tom Conley replaced Frank Leahy and Manford Vozie at right tackle and right end, the latter two men, both recovering from injuries, going to the seconds.

Lafayette, Ind.—Purdue's backfield aces, Harneson, Welch, Yunevich and White, who have scored more points this fall than any other backfield combination in the Big Ten, threw passes and worked on a defense against them yesterday in preparation for the Boilermakers' game here Saturday against Mississippi.

Ann Arbor, Mich.—Coach Harry Kipke is being aided this week by the veteran "Hurly Up" Yost in an effort to convince Michigan's non-winning football players that they can play. Like Thistlewaite of Wisconsin, the Wolverine coaches believe their men can play, but have lost consistency because of a "non-scoring complex" that causes their fighting spirit to wane whenever they approach an enemy goal. The Wolves play Harvard Saturday.

Iowa City, Ia.—Gus Mastrogany, left end of the Iowa team, was on crutches today and may not be able to play against Minnesota Saturday. His ankle was hurt in Tuesday's drill. Westra and Ely were sent to the reserves during an unexpected

hard scrimmage yesterday and Benjamin and Gilchrist took their places in the line.

Madison, Wis.—Milo Lubratovich, the giant Serb whom many experts picked as an all-American candidate before the start of the present football season, appealed today to be losing even his place on the Wisconsin team. Big Milo continued with the reserves, his place at tackle being filled by Shoemaker, a 205 pound coal miner from Herrin, Ill. The Badgers play their oldest rival, Chicago, in the Windy City Saturday.

Chicago.—Unable to work his men up to their highest "point" two weeks in succession: Coach Alonzo Stagg this week is trying to do the next best thing by drilling the overconfidence out of the Maroons, who have not yet lost their elation because of last week's victory over Princeton. Chicago plays Wisconsin Saturday and Wisconsin has not won a conference game, but the schools are traditional rivals and anything may happen when they meet.

West Point, N. Y.—Army's varsity football squad prepared today for departure for Urbana, where the Illinois University eleven will be met Saturday. The team held a dummy scrimmage against Illinois plays in yesterday's workout.

Athens, Ga.—Georgia University's football squad of 32 players left last night for New York, where it will play New York University Saturday. A brief practice was held earlier.

Cambridge, Mass.—Harvard's football squad has completed its drill for Saturday's game with Michigan and will entrain for Ann Arbor at 2 o'clock this afternoon. Coach Horween intends to start a pony backfield composed of Wood, Putnam, Harper and Devens.

### Purdue's Backfield Leads Big Ten Scores

Chicago, Nov. 7.—(AP)—Purdue's backfield trio of Glen Harneson, Alex Yunevich and "Pep" Welch, continues to lead the Western Conference in ground gaining, with an average advance of 4.75 yards for each trip with the ball from scrimmage.

Harneson is the individual oace, having carried the ball 57 times for a total of 513 yards—an average of 5.5. Art Pharnmer, Minnesota's versatile back, has tried 43 times for 218 yards, giving him an average of 5.1 yards. Win Brockmeyer, another Gopher star, has averaged five yards even.

Minnesota ranks second to the Boilermakers in team effort, having an average gain of 4.46 yards per try, with Iowa third at 3.41 yards.

## BUSH HOPEFUL FOR WHITE SOX COMING SEASON

New Manager Of Chicago  
American Leaguers  
Tells Of Plans

BY BERT DEMBY

United Press Staff Correspondent  
Chicago, Nov. 7.—(UP)—Don E. Bush, new manager of the White Sox, who is in town conferring with his boss, Charles A. Comiskey, thinks he will have a great team next year if.

1.—He can induce Charles Arthur Shires to resist that impulse to paint black eyes on all and sundry, but especially White Sox managers, and

2.—He can induce other American League teams to trade him some worthy players.

3.—He can wallop players now with the Sox into a co-ordinating machine.

Shires became considerable of an annoyance last season by his pugnacious attitude toward Lena Blackburn, ex-manager of the Hose. Bush is convinced, however, that the irrepressible Art has too many possibilities as a player to be thrown into the discard, and as Shires agrees with him on this score, the rest should be easy.

As to trades, Bush also is hopeful, as it has long been known that if the White Sox get into the first division they draw good crowds on the home field and abroad and considerably increase their box office value and that of their opponents. Rumor has it that efforts are being made to obtain "Bubbles" Hargrave, Bob Fothergill and Mark Koenig, but on this Bush refused to comment directly.

"All I can say is that we are out for another slugging outfielder, a catcher who can hit occasionally, and

another infielder or two, and plenty of pitchers if there are any running around loose."

On the third point of his program, the new manager was more expansive. He declared he would present a new infield combination when the Sox start training at San Antonio next February. It will include Irving Jefferies, Dallas Texas League recruit, at shortstop.

"If Jefferies justifies my opinion I'll keep him at short and work second base with Bill Cissell or Bill Hunsfield."

## Injury May Keep Myers Out Of Game

New York, Nov. 7.—(UP)—New York University officials today explained the probable non-appearance of Dave Myers, the Violets' Negro quarterback in Saturday's intersectional game with the University of Georgia as the result of an injury.

Although head Coach Meehan had been reported as intending the Negro star would not play against the southerners, Prof. Giles Courtney, chairman of the Board of Athletic Control and Dr. Williams H. Nichols,

Acting Chancellor, today declared that Myers would play "if his physical condition allows."

The statements stressed the fact that Myers had sustained a shoulder injury in the Penn State game, Oct. 26, and aggravated the injury in the Georgetown game last week. This injury, it was said, prevented him from practicing this week, but Prof. Courtney promised that Myers will be examined by a "committee of physicians" and if they pronounce his condition as satisfactory, he will start as a member of the New York University team on next Saturday.

Dr. Nichols' statement was made

in answer to a protest by Congressman Emanuel Celler against Myers being removed from the lineup.

## CEREMONIES AT RING LAYING OF GIANT DIRIGIBLE

Navy and Government Heads to Attend Rites At Akron

BY HAROLD E. RIGHTER  
United Press Staff Correspondent  
Akron, O., Nov. 7.—(UP)—The first rib was laid here today for a new monarch of the skies, the United States Navy dirigible ZRS-4, the largest in the world.

This afternoon, Rear Admiral William A. Moffett, Chief of the Bureau of Aeronautics of the Navy, will stand before a group of high government officials and thousands of spectators, and drive the gold rivet marking the formal start of construction of the giant.

The ZRS-4 is so big that it will not be before July 1, 1931, that she will leave the construction hangar to make room for building her sister ship, the ZRS-5.

The two airships, exceeding even the German-built Graf Zeppelin and the Navy's present pride, the Los Angeles, will be 785 feet long and 146 feet high with a gas capacity of 6,500,000 cubic feet, nearly twice as great as the Graf.

To Carry Airplanes.  
The most unique feature of the two dirigibles will be provision on the hull for a complete airplane hangar housing five scouting planes.

Shortly before the Moffett ceremony the huge cylindrical door of the Goodyear Zeppelin Corporation's plant will be opened and P. W. Litchfield, president of the Goodyear enterprise, will welcome the visitors.

Governor Myers Y. Cooper of Ohio, Dr. Karl Arnstein, designer of the super-dirigible; Commander Jerome Hunsacker, Lieut. Commander Charles E. Rosendahl, Major Clarence M. Young, Assistant Secretary of Commerce in charge of Aeronautics; William P. McCracken, Young's predecessor, and John Vorys, State Director of Aeronautics, will be among the official party.

More than fifty airplanes are bringing guests from all parts of the country for the ceremony. The Los Angeles is coming here from Lakehurst, N. J. Aircraft corporations and aeronautic interests are sending representatives by plane.

Concluding the ceremonies with a dinner at the Portage Country Club, a gold medal of the international league of aviators will be presented to Lieut. Commander Rosendahl by Colonels Thaw and Kerwood, members of the Lafayette Escadrille during the World War.

Akron, O., Nov. 7.—(UP)—The master-ring laying ceremony of the Navy airship ZRS-4 will take place here today.

ZRS-4 and ZRS-5 will be the largest airships ever built, having 6,500,000 cubic foot capacity as compared with 3,700,000 of the Graf Zeppelin and 2,500,000 of the Los Angeles.

The formal beginning of ring assembly, comparable to the keel laying of a battle ship, will be marked by driving a gold rivet into what will be the highest part of the ship.

Read Admiral W. A. Moffett, and other officials from the Navy, government leaders, P. W. Litchfield, president of the Goodyear-Zeppelin Corporation, the company constructing the ship, and Dr. Karl Arnstein, chief engineer, took part in the ceremony, which started at 2:30 p. m. with the opening of the huge doors of the new Goodyear Zeppelin dock (hangar). These doors weigh 600 tons each and are of orange peel shape, swinging from a giant three-ton cotter pin at the top of the building. As the doors opened and hands played, government officials mounted to the special platform and drove home the rivet.

Room for 40,000 Persons  
The assembly of the ship starts before the dock is completed in order to rush construction. The building will be ready about the first of the year. There will be room, however, in the half-completed building for 40,000 persons.

Dinner tonight will follow the ring laying at which Senator Hiram W. Bingham, Connecticut, Gov. Myers Y. Cooper of Ohio, Gov. Fred W. Green of Michigan, Secretary Jahncke, Admiral Moffett, and others have been asked to speak.

The dinner will also be the occasion of the presentation of the Ligue Internationale des Aviateurs Diploma

## Are You expecting a Baby?

THOUSANDS of expectant mothers are now cheerful and happy. Their waiting months have been made comfortable and they will be better prepared when the great moment of childbirth arrives. and medal to Commander Charles E. Rosendahl.

The trophy which was sent from Paris by Clifford B. Harmon, President of the Ligue Internationale des Aviateurs, is similar to that given to Colonel Charles A. Lindbergh last year. It is being presented to Commander Rosendahl in recognition of the work he has done in lighter-than-air ships.

Colonel Charles W. Kerwood and Colonel William Thaw famous World War fliers, and members of the Executive Committee of the Ligue also will be present.

A complete description of the program will be broadcast from WTAN of Cleveland. This radio station will also cover the speeches at the dinner in the evening. A loud speaker system is to be installed at the Goodyear-Zeppelin dock.

## SPORT SLANTS

It is still a trifle early to label any combination another "Four Horsemen," even when it happens to be so compact and mobile a quartet as Carideo, Elder, Brill and Mullins or Savoldi, this year's first-string product of Prof. Rockne. The professor himself scarcely would encourage the comparison at this early stage of the gridiron proceedings, where it will take the November "push" to determine the ratings for 1929.

Great backfield combinations such as the Stuhldreher-Crowley-Miller-Layden quartet of Rockne's teams of 1922-23-24 are put together about once in a purple moon. A Nevess, Oberlander, Grange, Harley, Drury, Carroll, Cagle or Clark may come along oftener to set off the individual fireworks but it is rare when any combination develops the smoothness, co-ordinated action, power and versatility of the famous Notre Dame "Four Horsemen." They are in a class by themselves so far as post-war football is concerned.

Cornell had a great set of backs when Kaw, Pfann, Cassidy and Ramsey were ripping opposing lines to shreds. Yale's 1923 team had super-power and drive, with Richardson, Stevens, Pond, Neldinger, Neale, Cottle and Mallory. Stanford showed a great collection of ball-carriers against the Army last season with Hoffman, Fleishacker, Sims, Wilton, Lewis and others leading the charge. Georgia Tech had a fine quartet in Mizell, Thompson, Lumpkin and Durant in 1928 but they also had the aid of one of the finest lines in the country. The backfield talent usually looks good when the holes are being opened up on schedule or the secondary defense cleaned out.

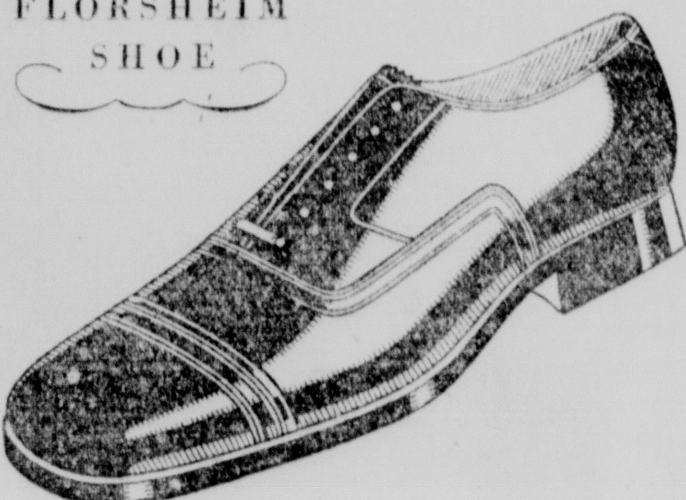

It will be worth nothing what Harry Heilmann, one of the last of the Old Guard of Detroit Seige Guns, can do against National league pitching next season in the uniform of the Cincinnati Reds. Old Har' led the American League four times in his unique odd-year rampage and he was up around 350 this year even though he didn't lead the pack again.

In the senior circuit the American League batting king of 1921-23-25-27 will join the champion of 1920-22, George Sisler, to make it look like a concerted drive on the National League boxmen. After the way the latter have been man-handled in the last three world's series, it would be rubbing it in for Heilmann to grab off the National League batting crown.

Ed Deleahanty is the only slugger with the distinction of leading both major leagues at bat. Big Ed, then with the Phillies, topped the National League batting with a mark of 408 in 1899. Three years later, with the Washington team, he led the American League with 376.

## SPLIT BETWEEN WHITE HOUSE AND SENATE GROWING

Johnson Incident Adds To Differences In Administration

By PAUL E. MALLON  
United Press Staff Correspondent  
Washington, Nov. 7.—(UP)—While the omission of Senator Hiram Johnson of California from a White House guest list was sealed as a closed matter today so far as the participants were concerned, Republican leaders in the Senate were fearful it might accentuate the already long list of differences between the White House and the Senate.

With the coalition in the saddle writing for tariff bill, the regular leaders are trying for every possible vote for the legislation in the face of the split in party ranks which has been widening since the special session began. They are concerned also about the congressional elections which they face next year.

The breach first was opened when Senators William E. Borah of Idaho and Smith W. Brookhart of Iowa, leading campaigners for the President in the campaign last year, led a boiling wing of westerners against Mr. Hoover's farm relief program. More western Republican Senators have been falling in line until yesterday they commanded a strength of 19 in the Senate roll call on reduction of pig iron rates.

Last week the President said he wanted the tariff bill passed within two weeks or else the Senate could be considered an impotent legislative body.

Some Resentment  
Senate debate over that announcement revealed resentment against the President's stand, Johnson facetiously refusing to believe the President had issued the statement and some Republican independents humorously suggesting a committee be appointed to call at the White House to ascertain if the statement was authentic.

The leaders believe there is no hope for a tariff bill of any kind unless some of the Senators of Johnson's group can be induced to vote for a conference report embodying a considerable modification from the coalition version of the bill now being written in the Senate.

Moses' Plans Delayed  
Moses figures there are seven states in which the Republicans must re-elect so-called regulars next year if the party is to have even a paper majority of the Senate. He had hoped to start an early vigorous campaign, but his plans now are being delayed.

The Johnson matter was apparently closed so far as the official records are concerned when Mr. Hoover made public a letter he had sent Johnson declaring the omission his mistake of some attaché of the White House and not an intended slight based on Johnson's opposition to some of the Hoover policies in the

Senate. Johnson accepted the statement, although there was no indication the existing unfriendliness of the two had been in any way ameliorated.

It has been indicated one of the Republican tariff leaders, Senator David A. Reed of Pennsylvania, was instrumental in the sending of the explanation to Johnson. He called at the White House shortly before the letter came and personally offered Johnson an explanation of the mistake. Later in the day Johnson voted against Reed's attempt to raise the duty on pig iron to \$1.50 a ton.

By a vote of 48 to 30 with 19 Republicans in the affirmative, the Senate fixed the rate of this important item of the bill at 75 cents which is 50 per cent below the present law and the \$1.12½ rate fixed in the house bill.

The coalition proposes to do about the same thing with manganese which is now under consideration, raising the item used in steel manufacture from the free list and imposing a duty of 1½ cents a pound instead of 1 cent as in existing law. Reed had championed the return of the metal to the free list.

The Pennsylvania Senator informed the Senate after the pig iron vote that he considered the coalition as objectionable as Communists so far as the country's welfare is concerned and he warned that the coalition might "weep" after the elections next year.

## PITTSBURGH IS IN RUNNING FOR NATIONAL HONOR

Many Fans And Officials Believed It Greatest Football Outfit

By DIXON STEWART  
United Press Staff Correspondent  
New York, Nov. 7.—(UP)—With the nation's list of undefeated and untied football teams reduced to nine—Cornell, Kentucky, Notre Dame, Minnesota, Pittsburgh, Purdue, Texas, Christian, Tennessee and Tulane—Eastern fans are hailing Jock Sutherland's University of Pittsburgh Panthers as a worthy contender for national honors.

Pitt's claims to recognition are clouded by the fact that the Panthers' schedule is not conducive to the establishment of an impression of real greatness, but fans, officials who have worked in Pitt's games, and opposing teams are of the opinion that Sutherland's eleven is the greatest gridiron outfit of the season.

Nebraska and Ohio are the strong-est teams Pitt has been called upon to meet and although neither of these teams has lost game except to Pittsburgh they are not rated as real topnotchers. In its other games Pitt has defeated Wayneburg, Duke, West Virginia and Allegheny, piling up a total of 262 points and holding its six opponents to 23.

Washington and Jefferson, Car-

negie Tech and Penn State complete the Pitt schedule and there is little reason to believe that any of them will produce serious opposition. However, the Panthers are considered a likely choice as the eastern representative in the annual tournament of roses game in California this year and this would give them an opportunity to prove their right to rating as a really great eleven.

With the exception of Notre Dame none of the other undefeated teams has any special claim to national honors as all of them are playing sectionalized schedules. Notre Dame, Wisconsin, Carnegie Tech and Georgia Tech and games still to play with Drake, Southern California, Northwestern and the Army, will be entitled to championship rating if it winds up the season without defeat and any other teams' claims will be considered absurd.

Pitt's game with Carnegie Tech, will provide the season's only basis for comparison between Pitt and Notre Dame, Carnegie having held the Irish to a 7 to 0 score two weeks ago.

A prominent veteran football official expressed the opinion at a recent meeting of the intercollegiate officials that Pitt would outscore Notre Dame three to one if a game between the two teams could be arranged.

## Rockne Will Boss Play From His Car

South Bend, Ind., Nov. 7.—(RAP)—Coach Knute Rockne of Notre Dame, admits there is little chance of his being able to walk around before the end of the football season—but that isn't going to keep him from directing the Ramblers' preparation for the Southern California game at Soldier Field, Chicago, November 16. Rockne, who has been in bed for the past two weeks, nursing his infected leg, insists that the business of getting ready for the Trojans, is his business, and he will be there "Til I have to do the coaching from the car." Rockne said, "but I'll be where the practicing is being done, and that's something, you know."

Wolverhampton, England.—A factory building here is one of the nicest places to work in that can be imagined. It is painted all colors of the rainbow, inside and out. Broad stripes of blue, cream, red, yellow, brown and green cross the interior. Workers inside all wear shiny overalls of varied colors. The factory makes paints and varnishes.

## ENVY THEM?

London.—Wasps prove exceedingly obnoxious this time of the year in England. Last year they got so troublesome that the Ministry of Agriculture broadcast some ways of dealing with them. The methods, all of which are being used this year, included one of putting beer in a bottle. Lured by sugar, the wasps drink the beer, fall intoxicated, and drown themselves.

# Youth Has Found The Way! AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has cultivated the fertile field of opportunity and invites everyone to roam in search of desired pursuits. Nothing remains of that ancient prejudice which bound the apprentice, without choice, to his career.

## "toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

## NEWS OF THE CHURCHES

### MANY AT BETHEL CHURCH

More than a half dozen denominations were represented last night in the audience that greeted Rev. Lee W. Ames in the Bethel Church Bible Conference.

In introducing his subject, "The Challenge of the Present Age," Dr. Ames, proved from the Bible that the idea of ages in regard to God's dealing with man on the earth is Scriptural. "According to the Word of God," declared the speaker, "there were ages before the present; one and there will be ages to follow it." He spoke of the characteristics of this age in relation to the creature and in relation to the Creator. Mr. Ames said:

"Many people like to think of this age as 'every day and in every way getting better and better,' but the Bible teaches that this is an evil age. This is seen in the fact that it is the successor of an evil age. The ages take us back to the creation of man. Man fell; man sinned. In the preceding ages man was sinful and when the present age was ushered in no change was wrought in natural man. He is the same in this age as in the preceding ones. Universal death proves universal sin, for death is the result of sin. A good age would fall at the feet of the Son of God. This age is opposed to Him. Neither are the people concerned about the guilt of the death of the Son of God hanging over their heads. They are indifferent to it. This is an age whose presiding officer is Satan."

In speaking of the characteristics of the present age in relation to God, Mr. Ames continued, "This is the first age in the history of the world with a completed Bible. This Book contains all we need to know in order to do good. It is a personal message from God and it is all He has to say to man on the earth. This is also the first age of the world wide proclamation of the Gospel. This is the first age in which the Holy Spirit has come to live on the earth and He is the Superintendent of evangelism. This is the first age in which pure and unadulterated grace prevails."

The speaker declared in closing his address that the challenge of the present age to the unsaved is to escape this evil age and be saved. The challenge to the Christian is not to be conformed to this world, but to yield to God.

"How God Uses Numbers" will be the subject of Dr. Ames Bible expo-

### EUROPE'S HIGHEST

London.—In 32 seconds, you can ascend the highest elevator in London and view the whole city from a height of 180 feet. The new elevator recently opened at the Westminster Cathedral, is claimed to be the highest and fastest in Europe. Before the elevator's installation, 11,000 persons visited the tower each year. It is expected this number will be greatly exceeded with the new elevator.

by Anne Austin, author of "The Black Pigeon," "Rival Wives," etc.

THIS HAS HAPPENED

MRS. EMMA HOGARTH, reputed miser, who frequently changes her will to name a new favorite among the boarders, is strangled to death between 11:45 and 12:15, Sunday night, June 23, in her room on the second floor of Mrs. RHODES' boarding house, 100 N. E. Duane St., young detective, assists his chief, LIEUTENANT STRAWN, in the investigation.

At the Rhodes' house are MR. and MRS. SHARP, DAISY SHARP, REED, saleswoman, WAILEY STYLES, proprietor of a small haberdashery, NORMA PAIGE, his fiancée and Mrs. Hogarth's latest lover, BERT MAGNUS, another scenario writer, CORA BARKER, theater pianist in love with Magnus, HENRY DOWD, new comer out of work, and DUNCAN STRAWN, worthless husband. Mrs. Rhodes' worthless husband, STRAWN, immediately suspects EMIL SEYER, a former boarder who once tried to rob Mrs. Hogarth. Strawn learns he left town in great agitation on the one o'clock train.

Dundee, stationed behind a screen, takes down as Strawn quizzes Dowd. He insists he was in all evening and heard nothing but the snoring of CAPT. Mrs. Hogarth's parrot, CORA is next given a merciless third degree. She tells how Magnus "stood her up," how she came home at 12:15 to hear him typing in his room. She explains her husband's hand by saying she had it while dressing a dress. She denies being engaged to Seyer, though she admits his attentions to her. The Sharps are next quizzed. Mrs. Sharp is dressed to catch a train, saying her son is in trouble. The tell of seeing Mrs. Hogarth and Styles nightly from her door.

Now go on with the story  
CHAPTER XII

"WHAT do you mean, sir?" Mr. Lawrence Sharp asked blankly.

"I mean—can you swear that it was Mrs. Hogarth's voice you heard telling Norma Paige good night, and not the voice of the parrot?"

"The parrot knows you both, of course," Strawn suggested. "Do you think you could coax him to talk?"

Their reception of this suggestion was vastly different from Cora Barker's. Sharp, swelling out his chest a little with importance, stepped up to the bird's cage, reached in fearlessly and stroked the ruffled feathers of the parrot's head.

"Hello, Cap'n!" he boomed heartily.

"Good night, Cap'n. Good night!" Sharp continued, while Mrs. Sharp plucked nervously at his sleeve in a futile effort to make him desist.

The parrot turned about on his perch, but crooked one bright eye at his dead mistress's friend. "Good night," Cap'n answered, and to Dundee, behind the screen, the voice seemed to be that of the murdered woman herself.

"Was it that voice or Mrs. Hogarth's hat you heard answering Norma Paige?" Strawn demanded, with slow emphasis.

"I—Lawrence Sharp wiped his brow. "I—can't swear which voice it was, but I believe it was Mrs. Hogarth's."

"Now, Mr. Sharp, did you hear or see anyone else as you returned to your room about half-past 11?"

"No," "Yes," I heard Bert Magnus's typewriter. His room is directly across the hall from mine, you know."

"Did you see Miss Paige, too?"

"No, he couldn't have. His door was shut. Norma ran down the hall to her room and closed the door—with a bang," he admitted reluctantly. "Just as I was closing my own door. Her room is next to ours, you know. I didn't speak to her, or she to me. When I entered

our room, I found the wife packing. I told her about the train and the upper berth, and wrote out a check for \$100 for bail—"

"Not for the \$300 also, to pay for the car?" Strawn interrupted with lightning quickness.

"Why, no. I shall have to get the \$300 from the savings bank, when it opens Monday morning," Sharp answered. "I don't keep that much in my checking account."

"May I see your savings bank book, please?" Strawn asked.

"Sir! Are you intimating that I—"

"—one of Mrs. Hogarth's closest friends for two years—murdered her for such a ridiculous reason as to get a paltry \$300 for my son?"

Strawn grinned crookedly. "I'm not intimating anything, Mr. Sharp, but—I'd like to see that bank book, if you please. . . . Thanks! . . . Hm! I see that you have a balance of \$10.02. Destined to pay the boy's tuition, I suspect?"

"My financial affairs are my own concern, sir," Sharp answered stiffly.

"Just what is your occupation, Mr. Sharp?"

"I am head of one of the house furnishings departments at Marcus Crane's—the linoleum department," Sharp answered with dignity. "My salary is—entirely adequate to the needs of myself, my wife and son."

"Yes, yes," Strawn interrupted impatiently. "Now, Mr. Sharp, I should like you to tell me why you were afraid that Norma Paige knew something about this bad business?"

## DRUGGAN BODY GUARDS BALKED U. S. COLLECTOR

### Were Not Allowed To Serve Liens On His Blooded Cattle

Chicago, Nov. 7.—(AP)—A new effort by the federal government to collect \$300,000 which it claims is due from Terry Druggan, former beer baron for back income taxes and penalties, was defeated yesterday by three of Druggan's husky employees.

The attempt to collect was made by Mrs. Myrtle Tanner Blackledge, collector of Internal Revenue, and her chief deputy, Robert E. Newby. The collector went along personally, she explained, because of the importance of the Druggan case. The \$300,000 claim is the largest her office ever has had against a gangster, she said.

Mrs. Blackledge and Neely went to the Druggan county estate with liens against Druggan's blooded herd of Guernseys. They were stopped at the gates by three husky men who demanded to know their business. Neely showed his credentials and the liens.

"Nothin' doing," the men told the government representatives. "You can't come in here."

Neely remonstrated, whereupon one of the men said:

"Get out. If you don't, it'll be unhealthy for you."

Mrs. Blackledge and Neely returned to Chicago to decide upon their future course of action.

"He can't buffalo the government like that," Neely said, but he was not sure what the next step would be. During the day Neely served liens on three Chicago proprietors reputedly owned by Druggan and his former partner, Frankie Lane, who also is alleged to have been remiss in paying income taxes.

## Walker Is Freed Of Rum Charge In West

Los Angeles, Nov. 7.—(UP)—Mickey Walker, the "Toy Bulldog" who holds the world's middleweight boxing title, has been freed of charges that he owned a bottle of liquor which police found when they raided a party at the apartment of Dorothy Davis, film extra, in Hollywood a month ago. Ray Hallor was fined \$50 for possessing the liquor and Arthur Houseman, character actor, was freed with Walker. George Sweeney, film director, whom Walker knocked down at the party, was fined several weeks ago on a liquor charge.

## Protest Closing Of Dormitory at U. of M.

Ann Arbor, Mich., Nov. 7.—(AP)—Declaring the decision of University of Michigan authorities to close Teller Hall, a men's dormitory, amounts to eviction and punishment of innocent individuals, more than eighty students residing in the dormitory have drafted a petition to

President Alexander Ruthven urging rescinding of the closure order. The dormitory was raided last Saturday and a quantity of wine and whiskey found in the attic. Two students, Harold McKee of Pittsburgh and Charles Fitzpatrick of Flushing, N. Y., were arrested and released on bond. A third, Alexander Gow of Windsor, Ont., is to be charged here today for arraignment on a liquor law violation charge. A notice posted in the dormitory last night informed its occupants it would be closed commencing next Monday until the end of the semester.

## Friend Of Hoover Regains His Estate

Tipton, Iowa, Nov. 7.—(AP)—John W. Reeder, 33, lifelong friend of President Hoover, today was again in possession of his \$250,000 estate as a result of a court decree here in which Judge F. O. Ellison set aside a trust deed which transferred the estate to Arthur Lund, Tipton attorney.

Reeder executed the deed last summer, giving control of the estate to the attorney with provisions that

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
